What is the PMR?

- A project management tool
 - Helps you track your project
 - Helps you track your hard, soft and admin costs
 - Check and balance for promissory note
 - Page 2 of Report, “Total URP \$ HC + SC” should match the amount on the promissory note
 - If column doesn’t match, you’ll need to complete a modification (increase) or estoppel (decrease)
- A cumulative report
- Also used for requesting second disbursement and admin funds

What is the PMR not?

- It's **not** a financial tool
 - The PMR should not be used for book keeping and will not always match up to your financial records during the project
 - The PMR must match your records and NCHFA records at the end of the project
- It's **not** a report that you start over each quarter
 - The PMR is cumulative, so you should add to your previous report
 - If you make changes, use the revision column so we know!
- It's **not** a wait list
 - Only put homeowners on the list that you are currently serving or have served

When is it due?

- Due the last day of the month following the end of the federal calendar quarter

Due Date	Report Type	Period Covering
January 31	Initial Report	July 1 – December 31
April 30	Subsequent Report	January 1 – March 30
July 31	Subsequent Report	April 1 – June 30
October 31	Subsequent Report	July 1 – September 30
February 14	Final Report	October 1 – December 31

Getting Started

- Download the PMR
 - URP Forms & Resources (<https://www.nchfa.com/home-ownership-partners/community-partners/community-programs/urgent-repair-program/forms-and-resources>)
 - Located under “URP Forms”
 - Choose between 25 and 50
 - Base this on your targeted number of units
 - Remember, the report is cumulative so you want to choose the report that will match the number of units you plan to complete
- Always download the report from the website when getting started. Don't reuse old reports!

Hard vs. Soft vs. Admin Costs

Hard Costs

- Construction costs/construction contract
- If self-performing, this is the labor and materials amount.
 - There should still be a construction contract even if you're self-performing
- Only includes URP hard costs, not any matching funds

Soft Costs

- Program support that is directly tied to a unit
 - Inspections
 - Work write-ups
 - Bidding process
 - Processing invoice for that unit

Admin Costs

- Overhead costs to run a program that are not directly tied to a unit
 - Reports
 - Intake and advertising
 - Work completed for the PAD
 - Mileage
 - Salary for support staff

- 7. Percent of completed units 30 - 50% AMI 50%
- 8. Percent of completed units below 30% AMI 50%

Completing the PMR: Initial Report

- Before submitting initial report:
 - Look over the report and make sure all appropriate cells are entered
 - Make sure all dates are correct
 - Make sure CAO signs the report
- Email to Mark Lindquist at mwlindquist@nchfa.com and copy your case manager by due date

Completing the PMR: Subsequent Reports

- All subsequent reports should add on to the previous report
- Do not move homeowners around.
 - NCHFA staff manually enter homeowners into our system and moving them around makes this more difficult to keep track
- Completion dates on page 2 of the report will affect how amounts are grouped for “Totals on units completed or in-progress this quarter” and “Totals on units completed prior to reporting period” at bottom of page 2
