#### II. Project Design

- **A.** Service Area: In all cases, "service area" is defined as the geographic area or areas in which homeowners are equally eligible to apply for assistance. Recipients may choose to accept applications on a first-come, first-served basis from throughout the service area, while adhering to section 6 (Eligible households) of the Application Guidelines, or to allocate equitable portions of the grant to all eligible localities within the service area. Otherwise homeowners' applications must be rated and prioritized without regard to the applicant's specific locality within the service area.
  - 1. Please define your service area in specific terms:

| Mary and | l Harry | Counties |
|----------|---------|----------|
|----------|---------|----------|

2. Complete the following matrix to define your proposed service area by county, population, number of dwelling units targeted for assistance and amount of Program funds projected to be spent in each county. If the service area comprises an entire county, or municipalities, use the July 2024 (the most recent) population estimates from the North Carolina State Data Center available at

 $\frac{https://www.osbm.nc.gov/facts-figures/population-demographics/state-demographer/county-population-estimates}{estimates/certified-county-population-estimates}$ 

Applications for grants exceeding \$165,000 must serve multiple counties in their entirety.

|  | Population of | Propo      | sed           |
|--|---------------|------------|---------------|
| County(s) in which service area is located | service area  | # of units | Program funds |
| a. Marv County                             | 35,000        | 15         | \$247,500     |
| b. Harry County                            | 15,000        | 5          | \$82,500      |
| c.   |               |            |               |
| d.   |               |            |               |
| e.   |               |            |               |
| f.   |               |            |               |
| g.   |               |            |               |
| h.   |               |            |               |
| i. Totals =                                | 50,000        | 20         | \$330,000     |

3. If the service area contains other than an entire city or county, attach a map clearly delineating the proposed service area boundaries, and service area population. Label the map "Exhibit II A 2".

#### II. Project Design (continued)

#### **B.** Beneficiary Targeting:

Do not submit your proposed project assistance policy with this application for funding. If your project is selected for funding, you will be requested to submit your assistance policy with the post approval documentation.

#### C. Client Relations: (Must Include)

Linking special needs households to services beyond housing is viewed as an integral part of the Urgent Repair Program. Explain in detail the system which will be used to screen and refer households for other needed services (list services) and describe the roles of those involved in the process. Be sure to explain the screening/referral roles of any URP project staff in detail. This is also where to explain the different roles if a different individual is used for Public Contact/Intake (I. D. 1.) on page 1 than Applicant Intake/Eligibility (C. 7.) Please limit the narrative to one 8-1/2" x 11" attachment (min 11 font) labeled II. C in the upper right hand corner. Attachments should be attached in the order that they were requested, at the back of the application.

#### **D.** Proposed procurement and construction:

Indicate which of the following will be used to effect your URP-funded work.

|  | Yes   | No |
|--|-------|----|
| 1. Private-sector construction contractors                 | <br>X |    |

| 5. Non-competitive negotiation                             |       | X  |
| 6. Work crews employed by the applicant organization       |       |    |
| 7. Weatherization contractor procured under WAP guidelines | <br>X |    |

#### **E.** Other resources to be used with URP funds for Hard Costs only:

|  | Yes | No | Value/Amt.   |
|--|-----|----|--------------|
| 1. Weatherization Assistance Program (WAP) funds                 | X   |    | \$300,000    |
| 2. Heating Appliance Repair & Replacement Program (HARRP) funds. |     | X  |              |

| 4. Council on Aging funds  |     | X  |              |
| 5. USDA-Rural Development Section 504 loans                      | 3   | X  |              |
| 6. Volunteer labor (Must use \$22.34/hr rate)*                   | X   |    | \$11,170     |
| 7. Donated materials*  | X   |    | As available |
| 8. Matching local funds*   | X   |    | \$10,000     |
| 9.   |     |    |              |

<sup>\*</sup>Attach documentation of matching contributions listed on lines 6, 7 and/or 8, above. Label as Exhibit II.E. Matching contributions on those lines must be used for eligible URP Hard Costs only. Other resources may be used for program support, but those contributions will provide no competitive advantage in URP application rankings.

#### II. Project Design (continued)

#### F. Project Schedule:

Assuming a maximum of 18 months from funding agreement until close-out and a hypothetical starting date of July 1, 2026, please indicate below your projected project progress, in terms of dwelling units repaired or modified with Program assistance during each calendar quarter. (Note: All Program funds must be obligated within 18 months. Recipient will have an additional forty-five (45) days to complete all units and submit closeout documentation). Please complete a proposed schedule for your project.

#### III. Applicant Capacity

#### A. Rehabilitation/Repair Program Experience and Status:

For each home repair, urgent repair or comprehensive housing rehabilitation grant received by the applicant since July 1, 2020, provide the information indicated below. If more than six separate grants were received during this 5-year period, copy page 6 and attach as page 6 A. Funding sources to list here include Community Development Block Grant ("CDBG"), HOME Investment Partnership Program ("HOME") allocations from a local government or consortium, Single-Family Rehabilitation Program (SFR) grants, USDA-Rural Development Housing Preservation Grant Program ("HPG") funds, Weatherization Assistance Program ("WAP") funds, Urgent Repair Program grants, minor home repair project, local emergency repair programs, etc. You may assign names to your own unnamed programs to list them. *Please list the oldest grant first*.

**B.** We prefer that the following tables be used to record the applicants rehab/repair experience and current status of funding related to units which may be targeted for rehabilitation. However, for some applicants it may be more appropriate to provide a narrative which speaks to the capacity of the applicant to carry out comprehensive rehabilitation of owner-occupied units. If so, please limit the narrative to one 8-1/2" x 11" attachment (min 11 font) labeled III. B in the upper right hand corner. Attachments should be attached in the order that they were requested, at the back of the application. The narrative should detail the applicants housing rehabilitation experience including the number of units comprehensively rehabilitated in the past five years, (broken out by year), the average amount of funding per unit (including volunteer labor, materials and donated materials) and any other information relevant to documenting the applicants capacity to affectively perform comprehensive housing rehabilitation.

C. Staff Qualifications and Experience: (Must Include All Resumes)

Identify key personnel below according to their roles in implementing the URP project. Attach a current resume for each individual listed. Label resumes as "Exhibit III C". It is especially important that the resumes of technical staff - those responsible for the urgent repair management, work write-ups, etc. - list all relevant training workshops and seminars along with technical credentials such as building inspector certifications, contractor licenses, lead paint certification, etc. Note that for URP Project Administration (1) and Applicant Intake (7), the individuals should match those listed on page 7. If they do not, explain how roles will differ in Client Relations, Exhibit II. C.

Never Alone Community Development Corporation

**Client Relations** 

During the intake process for URP27, our Client Specialist, Leslie Frank, will conduct client applications and determine eligibility. During intake, Ms. Frank will describe other services that we offer through our own agency and in conjunction with other local agencies as referrals. Ms. Frank will ask each applicant what services they might need or be interested in. Since we are also a Weatherization grantee, she will provide applicant information to the weatherization program to see if we can pair that funding with URP. We will offer brochures, descriptions, and contact information to each applicant. Since we are also a Weatherization grantee, she will provide applicant information to the weatherization program to see if we can pair that funding with URP. If the applicant desires, Ms. Frank, will record the services requested in the applicant's file and follow up with the applicant in approximately one month for Client Counseling and additional referrals. Since

We offer X, Y, and Z as provided by our own agency.

We offer referrals to A, B, and C local agencies.
